

Single Decontamination Shower

Lightweight and quick to deploy, the inflatable Decontamination Unit range from MFC Survival allow for rapid response.

- Lightweight and easily portable
- Will be set up within a matter of minutes and will stay standing without continuous inflation
- Raised floor panels prevent contact with contaminated shower wash off which is collected in a PVC chemically resistant sump
- Sleeves for pumped extraction of contaminated water are included as standard
- Chemical resistant PVC gloves are added onto the sides of the shower to allow a second person to help wash down the contaminated person
- Can be used on hard or soft standing and guy ropes are provided for securing in position
- Minimal training, servicing and maintenance costs

Used For:

- Decontamination scenarios
